

Hello, my name is Ben  
Trevino I was born in  
McAllen, TX and I am  
Mexipino.

Three adjectives others  
might use to describe me are  
**brown, smiley, hungry.**

My favorite color is Green  
my favorite animal is a  
giraffe, and my favorite  
musician/band is The Black  
Keys

In my free time I like to  
watch movies, drink whiskey,  
and play with legos

If I could go anywhere, I  
would go to Madrid because  
food, wine, and they have all  
of Catalonia's money!

I am most worried about  
spending all our wedding  
savings on Chengdu Taste.

I am most proud of having  
the most wonderful partner  
in the world.

My favorite thing about  
myself is I like people.

When I was a kid, I wanted  
to be an Archaeologist.

I usually wake up at 7:00 and  
go to sleep by 11:30.

I went to Science Academy of  
South Texas for high school and  
Stanford University for college,  
where I majored in Computer  
Science.

The most interesting topics  
I've learned about are Dark  
Matter and Dinosaurs

Currently, I work at HART

I enrolled in this class  
because Jason and Russel  
talked me into it.

My experience with data analysis I have a shirt that reads “Data Nerd”.

I learn best when I can relate  
it to a bigger picture.

I am most excited about  
learning about machine  
learning because I haven't  
implemented it before.

After this class, I hope to  
keep doing workforce and  
community development in  
support of a more rational  
world.

My dream job is making all  
information free.

The philosophy I live my life  
by is there are big ships,  
there are small ships, but the  
best ships are friendships.
